

WBT-IT Sp. z o.o.
Instalatorów 7
02-237 Warsaw

WBT-IT made the transition to an independent IT infrastructure a painless experience. More recently, their management of our office move has solidified WBT-IT's position as a truly strategic IT partner. We do not have a problem with language communications.

We look forward to WBT-IT proactively monitoring our IT strategy to ensure our business is operating in an efficient and cost effective way.
